

Chief Executives and Experts in the Field Confirmed for CHCI Health Summit

Health 2020-11-11 20:21:02

Washington, DC – Chief executives and experts in the field will join Members of Congress and other leaders at CHCI's Health Summit on November 17 and 18 to share their ideas and perspectives on achieving health equity for all. The Summit will feature timely discussions providing policy and practice solutions about social determinants of health, equitable vaccine development and distribution, mental health, the future of the Affordable Care Act, and more. Join us for a critical convening on the eve of a new chapter in our nation's history.

There is no cost to participate, but registration is required [here](#).

For the latest list of confirmed participants, visit our website [here](#).

Panelist for this event include:

Eduardo Cetlin – President, Amgen Foundation

Michelle McMurry-Heath, M.D, PhD – President & CEO, Biotechnology Innovation Organization
